

# PRE-REGISTER ONLINE FOR YOUR COVID-19 TEST

Go to: [register.covidconnect.wi.gov](https://register.covidconnect.wi.gov)

To pre-register, all you need is a mobile device that can receive email. If you can't register on your phone, you will still be tested. Staff will register you, but it will take much longer.

## How do I pre-register?

- 1** Scan the QR code at the top of the page, or go to this URL: [register.covidconnect.wi.gov](https://register.covidconnect.wi.gov)
- 2** Answer the registration questions.
  - **Register with your Wisconsin address.** If you're a student, use your local campus address. Addresses outside Wisconsin may have delays.
  - Each person must register individually.
- 3** Receive an email confirmation with a QR code. You can use the same email address to register other family members—you will be emailed one QR code for each person registered. **Each QR code can only be used once.**
- 4** Have your QR code ready. You will need to show it to staff **at least twice** (at check-in and testing station).

## How do I get results?

-  **Limit contact with other people** until you have your test results. Results take 3-5 business days and cannot be expedited.
-  **Negative results:** you will be emailed a secure link to view and print results.
-  **Positive results:** you will be emailed or called by Public Health staff.
-  If your results are not available within 5 days, call the Wisconsin COVID-19 Results Line at: **(866) 419-6988.**

## What if I have symptoms?

- **Isolate yourself** until you receive negative results. Do not have contact with others. If you test positive, Public Health staff will guide you.
- **Do not go to work;** notify your employer you have symptoms and are waiting for test results.
- **Do not go to a hospital unless it is an emergency.** Most people who have COVID-19 are able to get better on their own at home. See your "COVID-19 Testing: next steps and results" handout or visit our website for more guidance.

Alliant Energy Center Drive-Through Clinic

# FREE FLU SHOTS

Open to anyone in Dane County 6 months and older

**If you are sick today, have tested positive for COVID-19 in the past 14 days, or are waiting for COVID-19 test results, you cannot get a flu shot.**

**If you have COVID-19 symptoms, consider getting a COVID-19 test and please isolate yourself from others.**

## Who can get a flu shot?

- We cannot provide a flu shot to anyone who is sick or has a pending COVID-19 test.
- This flu clinic is for anyone in Dane County 6 months and older (with or without insurance).
- Anyone younger than 18 years must have a parent or guardian with them.

## How it works:

- We will ask a few questions and help you fill out forms.
- You will give verbal consent to get your flu shot.
- If you are 18 or younger, your parent or guardian must be with you.
- After your flu shot, we will ask you to wait here for 15 minutes to watch for any possible side effects.
