

Testing your Water for Non-metals

(bottle with blue sticker)

How the Testing Process Works

- You must collect the sample right before you bring it to our office.
Drop off hours are 8:00am - 1:00pm, Monday through Wednesday only.
- You will be collecting your water sample in a bottle with a blue sticker.
- Collect the sample following the instructions below.
- Complete the information on the bottle(s) and the chain of custody form.
- Return your sample(s) during the times listed above. Bring exact cash or a check made out to City Treasurer.

How to Collect the Water Sample

Collect the sample right before you bring it to our office (see drop off times above).

Choose a cold water faucet that is not connected to a water softening system.

Put the open bottle under the faucet and fill to within $\frac{1}{2}$ inch of the top.

Screw the cap on tight.

Complete the chain of custody form.

Keep the sample refrigerated or on ice until you drop it off.
