

Testing your Water for Atrazine

(brown glass bottle)

How the Testing Process Works

- You must collect the sample right before you bring it to our office.
Drop off hours are 8:00am - 1:00pm, Monday through Wednesday only.
- You will be collecting your water sample in a brown glass bottle.
- Collect the sample following the instructions below.
- Complete the information on the bottle(s) and the chain of custody form.
- Return your sample(s) during the times listed above. Bring exact cash or a check made out to City Treasurer.

How to Collect the Water Sample

Collect the sample right before you bring it to our office (see drop off times above).

Choose a cold water faucet that is not connected to a water softening system.

Let the water run for at least 5 minutes at a medium flow.

After the water has been running for 5 minutes, fill the bottle to within $\frac{1}{2}$ inch of the top.

Screw the cap on tight.

Complete the chain of custody form.

Keep the sample refrigerated or on ice until you drop it off at our office.

Water Sample Drop Off Location

The Atrium
2300 S. Park St., Suite 2010
Madison, WI 53713

Water Sample Drop Off Times
